

PRODUCT INFORMATION

| | |
|-------------------------|-------------------|
| Item Number | PHYK |
| Product Colour | Green/Black |
| Size Range | 6-11 |
| Primary Coating Polymer | Nitrile |
| Grip | Microfoam Nitrile |
| Cut Score | C |

FEATURES

Cut Resistant: Achieves cut level C according to EN388, for protection in high risk cut hazard applications.

Mechanical Hazards Protection: Made from a technically engineered yarn, the liner attains excellent EN388 scores in all categories

Flexibility: Strategically designed to offer optimum levels of flexibility and comfort without compromising protection

Colour: High visibility colour improves visual awareness even in subdued light

Closure: Elasticated knitted wrist provides a secure fit and keeps hands free from dirt and debris

Grip: The palm coating is infused with microfoam bubbles increasing resistance to oils and maximising grip in wet and oily handling environments

Primary Coating Polymer: Nitrile

Environmental: Packed without the use of plastic, reducing the overall weight of packaging

Fit: Soft seamless knitted liner provides superior comfort for this level of protection
The glove has been designed to be tight fitting to give maximum dexterity in the most delicate of applications

Silicone Free: The glove has been produced silicone free to eliminate silicone contamination whilst working in painting, bonding and product inspection processes within the engineering, manufacturing, and glass industries.

FEATURES

Unique Feature: SilverClear® glove formulated from silver, a powerful and proven antimicrobial agent that inhibits bacterial, fungal and viral growth. The additive will protect the gloves from microbial growth but also from mould and bad odours avoiding premature material degradation and discoloration.

The Hydrophobic solution, which is applied through an intensive washing process, allows for a comprehensive and robust 3-Dimensional water resistant performance in wet and challenging conditions while maintaining maximum breathability

Abrasion Resistant: Achieves a maximum score of Level 4 for abrasion resistance as defined by European Standard EN388

SECTORS

Automotive • Construction and Utility • Engineering and Manufacturing • Oil, Gas, and Renewables • Waste Management and Local Authority

**STANDARDS**

PPE CAT II

4X43C

**CAUTION**

May contain latex in elasticated cuff which can cause allergic reactions, including anaphylactic response.

STORAGE INSTRUCTIONS

Store in dry conditions, away from direct sunlight and extreme heat. It is recommended to retain the packaging for reference. Always inspect gloves prior to use and do not use if damaged or showing signs of wear and tear.

PACKING

1 pair per polybag
60 pairs per case
50 cases per pallet

DISPOSAL INSTRUCTIONS

Dispose of the product responsibly in accordance with local regulations.
