

Screw Caps GPN 801

www.poeppelmann.com/en/gpn801

Application

The GPN 801 screw caps are suitable for external threads. Easy-to-grip external ribs are suitable for easy assembly by hand. The flat design enables fast fitting and removal.

All information about 100% PCR and the recycling blend can be found in "Sustainability at Pöppelmann" (see chapter 2) or at www.poeppelmann.com/en/kapsto/Responsibility.html

Information on materials, colours, designs and use of our products can be found on the website and in chapter 3 'Materials and application'.

The articles in the 100% PCR column consist of 98% PCR-PE and 2% colour based on a PIR carrier. The plastic used consists of 100% PCR.

The articles in the recycled mixture column consist of a blend of PCR and virgin material. Colour deviations and black dots cannot be completely avoided during production and are permissible for these items. We recommend carrying out functional tests before series production.

Your added values:

More resource-saving.

This standard series is available from PCR, saves CO2e emissions and conserves resources.

Saves time.

Flat design for faster installation.

Better.

Suitable for outer threads. Easy-to-grip external rib for easy mounting and removal by hand.
