

Protective Dust Caps GPN 930 Type B

www.poeppelelmann.com/en/gpn930b

Application

The protective dust caps GPN 930 Type B protect open plug-in couplings, particularly the thread, from damage and dirt and have a captive design with PE-LLD tab. The dust caps prevent the ingress or escape of liquids within certain limits.

Dimensions in mm.

*Eyelet of lug not slotted.

Information on materials, colours, designs and use of our products can be found on the website and in chapter 3 'Materials and application'.

Your added values:

Better fit.

Protects open plug-in couplings, and particularly their thread.

Seals better.

Prevents damage and contamination and provides limited sealing action.

Better.

Self-retaining design due to integral strap.
