

## characteristics Laboratory Stool with foot release and castors

Article: 9F63L integral foam

### Dimensions in mm

Seat:	H:	480 - 650
	B:	400
	T:	400

Packing data	Weight	kg	9,24
	Volume	m <sup>3</sup>	0,16

### Base equipment

		Benefit
Laboratory qualification	Washable and resistant to disinfectants. Can be used in laboratories of safety class S1 to S3. Largely joint-free and positive-fit elements (hygienic design).	Suitable for laboratories and all types of areas where hygiene is critical, as well as specific use in the healthcare sector, universities, and the biotechnology, chemistry and pharmaceutical industries.
Seat	Extra-large seat with a diameter of 400 mm. Extra-strong and soft 60 mm comfort upholstery.	Automatically encourages a correct sitting posture and upright, healthy sitting. The rounded front edge of the seat prevents possible blood congestion in the thighs.
Colour ring	Colour ring underneath the seat. Choose from blue, grey, orange and green.	The characteristic colour ring protects the upholstery and provides colourful accents.
Seat design	Integral foam upholstery (PU): The integral foam pad offers maximum resistance and ease of cleaning. Extremely robust, durable, washable, disinfectant-proof, PVC-free, resistant to blood and urine, fire protection in accordance with EN 1021 Parts 1 + 2, black colour.	Recommended use in environments where staff come into contact with aggressive working materials. The surface is resistant, extremely robust, washable and easy to clean. Resistant to pointed and sharp objects.
Seat height	Infinitely variable seat height adjustment from 480-650 mm by gas spring with protective cover.	Large seat height adjustment range. The cover protects the gas spring against dust and dirt.
Technology	Foot release and ring release	The height adjustment, which is triggered by a foot release, is intuitive and particularly hygienic. In addition, the height can be easily adjusted from any sitting position thanks to a ring release underneath the seat.
Base	Particularly small aluminium base with a diameter of 54 cm.	Space-saving and high mobility due to the available legroom.
Castors/glides	Large, specially designed laboratory castors with a diameter of 65 mm. Move smoothly and are easy to clean.	Stools are braked when not used which decreases the risk of accidents.
Material used	All materials can be recycled separately.	Environmentally friendly
Standards	DIN 68 877 GS certificate for "tested safety" DIN EN ISO 9001 quality management DIN EN ISO 14001 environmental management EMAS tested environmental management OHSAS 45001 occupational health and safety management EcoVadis CSR rating 20 Gold	Procurement security
